

JOB ADVERT: CLINICAL MANAGER – AGYW/AYP BIOMEDICAL

Location: Community and facility based (travel required)

Contract: Fixed Term

Reporting to: Programme Manager

Role Summary

The organisation is seeking a suitably qualified and experienced **Clinical Manager – AGYW/AYP Biomedical** to lead and oversee biomedical health services for Adolescent and young people (AYP)

Key Responsibilities

- Lead and manage AGYW/AYP biomedical interventions at district level
- Supervise and support biomedical clinical teams
- Ensure compliance with clinical, quality assurance and infection control standards
- Provide clinical mentoring, NIMART support and capacity building
- Monitor service delivery indicators, data quality and reporting
- Coordinate training needs, performance management and supervision
- Support health education, referrals and stakeholder engagement

Minimum Requirements

- Degree or Diploma in Nursing (General, Midwifery, Community or Psychiatric Nursing)
- Registered with the South African Nursing Council (SANC)
- NIMART and SRH training
- Minimum 3 years' Primary Health Care experience
- At least 2 years' management or supervisory experience
- Sound knowledge of HIV, TB, STI and SRH programmes
- Experience working with AGYW/AYP (advantageous)
- Strong communication, reporting and computer skills
- Willingness to travel and work flexible hours when required

How to Apply

Interested candidates should submit a **CV and certified copies of qualifications and SANC registration** to:

recruitment@fs-rainbowseeds.org.za

Closing date: 2026/01/06

Only shortlisted candidates will be contacted.
